
Virus Project WARNING Sheet

Caleb Dingus, Emmanuel Onwuka, Mardigon Toler

May 2, 2017

WARNINGS

- Any data entered into these client programs can be sent over a network, unencrypted
- Do NOT enter any real personal data into either of the programs
- Do NOT use this modification for the jEdit text editor to open any files containing real personal information
- If left on a machine the software could be used by people unaware that it is an unsafe modification of software that they trust; uninstall it from every machine that it is tested on
